

Technical Manager

Braehead Foods is a growing, dynamic, family-owned business in Kilmarnock, operating nationally. An exciting opportunity has arisen for an experienced Technical Manager to take on the responsibility for maintaining and continuously improving the Quality Management System across the operation.

Responsibilities:

- Lead, maintain and improve on all accreditations and audit standards including BRC, Red Tractor, FSS and SALSA.
- Active member of the management team, engaging in the development and implementation of site strategies.
- Provide direction and influence in the development, implementation and continuous improvement of all quality systems.
- Assure that all products produced at the site are safe for consumption and conform to the intended product specification.
- Support the site implementation of all new products, line extensions and continuous quality improvement projects. Including the effective execution of product trials.
- Manage the internal audit calendar and assuring the effectiveness of the corrective and preventative action processes
- Direct, plan and implement traceability testing and monitoring
- Lead the HACCP & food safety training for the site.
- Ensure improvement plans for customer complaints and non-conformances are in place

Qualifications:

- Degree in Food Science or similar, relevant qualification.
- Significant, demonstratable experience in quality and food safety
- Excellent written and verbal communication skills.
- Proficient in all Microsoft applications.
- Analytical problem solving skills

Benefits:

- £42-£45k per annum, dependent on experience
- Company pension scheme.
- Company life assurance scheme.
- Company health insurance scheme for you + dependents
